The Government were pleased to accord sanction in their order No.Ms.167 P.H dated 22-1-43 for the employment of four license inspectors under this District Board.

2. The four existing license inspectors under the District Board are not able to cope with the work of licensing work of dangerous and offensive trades of six taluks, particularly after the introduction of licensing of Jaggery, provisions, agricultural produce etc., . The District Health Officer is of opinion that one license inspector to each taluk in the District is absolutely necessary . Incidentally I may state here that the annual average income under Dangerous and Offensive trades for the years 1941-42 to 1943-44 was only .4705/- The income under this head for 1944-45 including the fees levied for the manufacture of jaggery is .13,227-0-0.

3. The District Board has therefore resolved to sanction the post of two additional license inspectors to attend to the work connected with the Dangerous and Offensive trades. The Government may therefore be pleased to accord necessary approval for the creation of the additional posts at a very early date.

4. Copies of B.C. Resolution No.9 dated 16-7-45 and District Board Resolution No.42 dated 16-7-45 sanctioning the posts are enclosed.

2. The extra recurring expenditure involved in the proposal of the S. Kanara Dt. Bd to employ two licensed inspectors is stated to be about Rs 1991 per annum. It is observed from the Board's resolution at p 3 of that provision for this expenditure will be made in its R.E for 1945-46. The R.E for 1945-46 and the B.E for 1946-47 have been received but it is not clear whether provision has been made for the expenditure in these estimates.

On the basis of the B.E of the Dt. Bd for 1946-47, as framed by the Board, the annual

ordinary receipts fall short of the annual ordinary charges by Rs 25,940. It may however be stated that credit has been taken for an income under licence fees of Rs 16,000 in the RE for 45-46 and Rs 18,000 in the BE for 46-47 as against an actual income of Rs 13,227 in 1944-45. Apparently the anticipated increase in the estimates is due to the fact that the Board expects to get a larger income by appointing the 2 licence inspectors now proposed. In view of this additional income, the proposal need not perhaps be objected to.

8.12.45

18.12.45

It is stated in para 11(5) on p. 29 of the Budget that the rise in receipts in both the B.E and R.E is due to the proposal of the Dt Bd. to issue licences for the manufacture of beedis and cigars

— in factories employing less than 10 coolies. Presumably the licence fees from these cannot be collected without an additional staff. In view of this, the draft order in ppl and 2 annexe may be accepted. (The extra expre is after all about Rs 1991 p.a.)
